Excenel Sterile Powder	2 days	Virbagest	24 days
Excenel RTU Injection	5 days	Vaccines	NIL

## WITHDRAWAL PERIODS FOR IN-FEED MEDICINES

Updated May 2014

*The position here is complex and the periods given below only apply if a feed additive is included at the standard rate. If an additive is included at other than the standard rate, a 28 day withdrawal period applies. The farm copy of the Medicated Feedstuffs Prescription will specify the withdrawal period for each batch of food.*

MEDICINE	WITHDRAWAL PERIOD
AUROFAC 100	10 DAYS
LINCO-SPECTIN PREMIX	2 DAYS
PANACUR 4% Powder	3 DAYS
POTENCIL	24 HOURS
PULMOTIL G100 / G200	21 DAYS
STABOX 50% ORAL SOLUBLE POWDER	14 DAYS
TIAMUTIN PREMIX at 2kg/tonne	24 HOURS
TIAMUTIN PREMIX at 5kg/tonne	4 DAYS
TRIMEDIAZINE 15	7 DAYS
TYLAN G50	NIL
